

SOCIAL NETWORKING ANALYSIS

Group Assignment (Research Paper Presentation)

Due: 6th November 2019

Research papers are assigned to each of the groups for presentation, the links have been sent in the group mail. Please start reading the paper assigned to you. The topics of the papers include Community discovery, Graph Anonymization, Topic Modeling, Link Prediction etc. I would like you to take up the study seriously, do a good presentation and contribute to group learning.

Parameters for evaluation : Overall understanding of the paper (Problem definition, Ideas/Algorithms used, Tracing of the algorithm, Analysis of the Results) + Group work.

Presentations scheduled on : 6th Nov 2019 (Groups 1-8)

11th Nov 2019 (9 - 13)
