

Greedy Technique

1. **Assign Cookies** – LeetCode 455
Hint: Always give the smallest possible cookie that satisfies a child.
2. **Best Time to Buy and Sell Stock II** – LeetCode 122
Hint: Collect all “uphill” profits instead of looking for global buy/sell.
3. **Non-overlapping Intervals** – LeetCode 435
Hint: Sort by **end time**; greedily keep non-overlapping intervals.
